Sanj Sen

“As the showrunners of *Norman Picklestripes*, we give our highest recommendation to Sanj Sen as a composer for kids' television. Sanj wrote 12 spectacular songs for our series, all of which were catchy, singable, and way more musically innovative than the usual preschool repertoire.

He is a true pleasure to work with and communicating long distance was a breeze - he respected deadlines and addressed notes (usually very minimal) with a smile. He is a true find and we can't wait to work with him again on another project.”

Executive Producers, *Norman Picklestripes*

“I had the pleasure of working with Sanj Sen when I was Exec Producer on ‘Danger Mouse’. Sanj is a calm genius. DM was a co-production, so there were often notes coming from different directions, we often asked for the ridiculous, but were NEVER disappointed with Sanj's work or can-do attitude. I hope to get the chance to work with him again one day and have no hesitation to recommend him... heartily.”
